

PATHBUILDERS[®] MANAGE

A PROGRAM FOR CURRENT AND ASPIRING MANAGERS

THEY'RE STEPPING UP

They have mastered the tactical aspects of their roles, and are taking on big challenges

They are positioning themselves to be leaders of people who make things happen

WE PREPARE THEM TO LEAD

Developing the skills to manage people and projects in today's working world

Understanding how different areas of the company intersect

Creating connections and communicating effectively across the organization

Owning their careers, envisioning and planning for their futures

BUILDING A STRONG PERSONAL BRAND

Confidently positioning themselves as leaders through credibility and self-awareness

WORKING ACROSS FUNCTIONS & GEOGRAPHY

Valuing diverse perspectives to be more informed and make better decisions

PUTTING DIGITAL SAVVY TO WORK

Leveraging technology, relationships and connection to engage powerfully

LEARNING TO MANAGE PEOPLE & PROJECTS

Balancing motivation and accountability to work through and with others

TRACK RECORD OF PROVEN RESULTS

This experience readies top talent to take on their organizations' pressing challenges — managing key initiatives, projects, and team members.

They know how to accomplish goals across functional lines and how to motivate people with different personalities, perspectives, and ways of thinking.

They are ready to lead.

PATHBUILDERS[®] MANAGE

Designed for managers and strong individual contributors learning to lead people and projects

FEEDBACK FROM MENTEES

“... I have **concrete and actionable items** from each session. The group that I am in is fantastic and we have common goals and interests that make our discussion very rich.”
~Cricket Wireless

“Because of the program I am sure of myself, **I know how to navigate new territories**, I am focusing on my strengths, and I effectively get things done.”
~Comcast

“**I am a much more confident, outspoken, and influential person** than I was six months ago. I am so grateful that my company chose to invest in me...”
~Equifax
